ADVISING THE ULTRA WEALTHY

A GUIDE FOR PRACTITIONERS

Gregory Curtis

"Every wealth family has a 'money story' as to how they became such. This is the best book I've read addressing the importance of understanding how the money was made and how to meet the needs of each family member to secure their trust in you. If you are looking to better obtain and retain wealthy families as clients, you need to read this book."

— Jodi M. Amos, MBA, AIF®, Managing Partner,
4Rivers Wealth Management
